

SALUS UK's Top Products Award

" SALUS Controls plc is proud to share news regarding its selection by Professional Electrician and Installer magazine - the country's leading HVAC trade publication - as recipient of the coveted TOP PRODUCTS award for 2007.

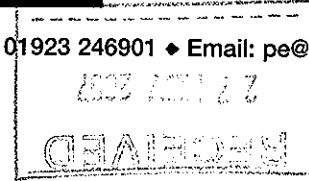

The magazine's readership voted throughout the year on its experience with a broad range of products used by professional electricians and installers throughout the UK. Overwhelming consensus was given to SALUS' Model EP200 2-Channel Programmer and Model RT500 Programmable Room Thermostat for their reliability, ease of installation, appealing design, ease of use and excellent value.

Previous winner of this award was Danfoss, an industry peer and major global competitor.

This award affirms SALUS Controls' rapid emergence as a respected global manufacturer and provider of advanced technology control solutions. It also demonstrates its promise to deliver safe, dependable and environmentally responsible products trusted by professionals whose reputations and business success depend on products they recommend to their customers."

Congratulations!

Dear Julie

Professional Electrician and Installer magazine is delighted to inform you that Salus is the recipient of one of the magazines much coveted TOP PRODUCTS: 2007 awards.

Voted for throughout the year by the readership of the magazine – via *PE's* unique Readerlink reply service – EP200 & RT500 Heating Controls were one of the most enquired about solutions within the Heat Electric Category.

Please find enclosed a copy of the December issue featuring the TOP PRODUCTS:2007 feature. We will be in touch shortly to arrange for your certificate to be delivered.

Once again, many congratulations from the *PE* team and have a Happy Christmas and a prosperous 2008.

Best Regards,

Jonathan Cole
